

How are you feeling?

Remember to reach out if you need help, reassurance, a box of virtual tissues. Colt can tell you that it is all normal, and we can both tell you that it will get better.

Agenda

- Expressions, Statements, and Blocks
- Introduction to Methods
- Boolean Expressions
 - Comparison Operators
 - Logical Operators
- Conditional Statements
- Go through Lecture Code

[If, Else, Else If, and nested ifs](#) - article I wrote on LinkedIn with caves, and hidden treasure

Expressions, Statements, and Blocks

Introduction to Methods

Boolean Expressions

Comparison Operators

Do not use `==` or `!=` on strings

Logical Operators

Conditional Statements

Increment = add something, usually 1

Decrement = subtract, usually 1

As we go through the lecture questions
