# A day in the life of a TE student

## Before class (by 8am)

      * Make sure the quiz is finished and submitted

## Before class (by 9am)

      * Make sure homework is finished AND **git add**/**git commit**/**git push** is done
      * Make sure you have latest updates with: **git pull upstream main**

## During class

      * Follow along with lecture, making updates in the `lecture` folder
      * Ask questions! I can't help you if I don't know you need it.
      * DO NOT work on homework or reading or tutorial during class!

## After class

      * Attend pathway if applicable
      * Do exercises (today's)
            * Add, commit, push
            * In Gitlab, verify the push and copy URL
            * In lms, Run Tests & Submit
      * Reading (next day's topic)
      * Do tutorial (next day's topic)
      * Take quiz  (next day's topic)
